

ROLL OFF CONTAINERS

Bakers Waste Equipment Inc. manufactures a full line of roll off containers in a variety sizes and configurations. Features include:

- Innovative designs, high quality steel construction, and competitive pricing provide refuse and scrap haulers with the edge they need to grow and be profitable.
 - Standard and Heavy Duty Models available in 10 through 80 cubic yard capacities.
 - Main Body Styles are "rectangular" with side supports and "tub style" with smooth sides for more efficient stacking in shipping.
 - Hook and Rail designs are available for Cable Lift, Hook Lift, and Dempster lift models.
 - For added durability and corrosion resistance, **BWE offers its exclusive "Bakers Guard" Protective Coating** on the exterior understructure.
 - **BWE roll off containers meet ANSI specifications and full capacity dimensions.**
